In 2009, Congress added the Snake River Headwaters to the National Wild and Scenic Rivers System. We are honored to be floating on the only stretch of the Snake River in Jackson Hole to receive the "Scenic" designation. This photograph, taken just below our launch point at Deadman's Bar, shows the first mile of our 10-mile route entirely within Grand Teton National Park.

THE ORIGINAL SCENIC FLOAT TRIP — AND STILL THE BEST

Way back in 1963, local river runner Dick Barker pioneered the 10-Mile Classic float trip from Deadman's Bar to Moose on the Snake River, through the heart of Grand Teton National Park.

Dick Barker

For over 60 years, our company has set the industry standard for safe, high-quality scenic float trips on the Snake River. Today, the Barker family continues to operate Barker-Ewing Scenic Float Trips following Dick's legendary example.
